Thirty-five Percent ... A Nice Little Raise

We wonder how postal workers felt last week when after months of bargaining and battling they won somewhere between a 6 and 7.2 percent increase in pay -- and heard the same day that the Canadian Bar Association wants pay increases ranging from approximately 25 to 35 percent for the nation's judges.

The posties seven percent begins to look insignificant and it's only a week old.

The postal workers increase is not too far from the Federal Government's wage guidelines set up by Ottawa to curb inflation. But 35 percent is a long way from the government's six percent policy.

If living costs have reached the height that dictates such an increase for judges -- then it applies right down the line to postal workers, store clerks, newpaper editors, farmers and all the rest. And if we all go about trying to get it what happens to the battle against inflation?

In our opinion those who expect the respect of the populace should show qualities of leadership and understanding of the country's problems. Foolishness on the scale suggested by the Bar Association, will go a long way toward wrecking the nation's economy.

Who's Short-Sighted?

The County of Strathcona is short-sighted in its refusal to consider an eastward expansion of Edmonton's boundaries, according to Mayor Ivor Dent.

The County is determined to hang on to the tax-rich refinery area on Edmonton's eastern boundary and the city appears equally determined to expand in that direction. We don't believe the County is short-sighted in endeavoring to hold the tax revenue for the benefit of its residents while Edmonton's ever-growing population dictates increased area.

The ant-hill type growth of the city is the greatest problem and the short-sightedness is perhaps on the part of those who could do something about spreading industrial growth throughout the province rather than concentrating wealth, population and future in the few major centres.

Taxes and Taxpayers

Are taxes unacceptably high? Should the trend to higher taxes every year be sharply reversed? Is the present rising trend, likely, in time, to put governments in full charge of the economy, with consequent loss of individual freedoms?

These are the questions which Canadians should now be considering, as the great debate over Finance Minister Edgar Benson's white paper on taxation draws to a close.

In 1965 the federal, provincial and municipal governments together took $14-billion from the public. This figure will more than double to $30-billion in 1970. The federal-provincial tax structure committee has estimated that government spending will continue to increase faster than economic growth, giving government a larger and larger share of the gross national product. Can this be endured, or must governments be forced to cut back on their spending, and on the services which they offer the public?

Most large programs are undertaken because of the force of public demand; and the 1965-1970 increase is not almost entirely due to the increases in the cost of providing 1965 services. New services have been added: medicare, for an obvious example.

The debate, in other words, cannot have meaning unless taxpayers admit that their taxes are not just money down the drain; they are a means by which we purchase collectively goods and services which we wish to have and which it is either impossible or unsatisfactory to purchase individually. -- Toronto Globe and Mail

Calgary Survey Changes School Drop-out Image

High school dropouts are not unmotivated young people nor do they necessarily lack the intelligence to finish Grade 12 or 13, contrary to much public opinion. This is a conclusion of a recently completed study by the Calgary Family Service Bureau, reported in School Progress magazine.

Bert Marcuse, executive director of the bureau, launched the survey because he became concerned about the stereotyped opinions of students who drop out which label them as "no good, unmotivated people." His interviews disclosed that two-thirds of the dropouts were taking other courses or special training elsewhere.

Boredom causes many students to quit school, he found. Another cause is the fact that many older students who have left school and come back to try again, just can't face it -- "they feel left out, isolated and uncomfortable" says Marcuse.

Poverty is also blamed for poor academic performance, he points out, but adds: "It is not true that children from deprived areas are not motivated. They have different values, but they are not unaware of the value of education. They just don't have the expectation of being able to go to university."

University is still not available to most lower income students, even less so in Canada than the U.S., says Marcuse. "But economically deprived children often know that if they finish Grade 11 or 12, they will have to contribute to their family's upkeep, or their own," he adds.

"They have to accept the fact that education is still for the privileged people in our society."

Marcuse stresses that understanding the problems of youngsters from poor homes is essential if they are to have equal opportunities with more fortunate children, "But most middle-class people -- including many teachers -- have a fantastic ignorance of the culture of poverty."

SUB-MITS
FROM THE ELEMENTARY SCHOOL

For umpteen number of years, September has brought the reopening of school. This year our school opened its doors to 657 students. Of these, 142 were beginners, a decided increase from the 110 or so that were expected. Our grade one teachers all have heavy enrolments with 28 or 29 children each. As a matter of fact enrolments are heavy throughout the whole school, with 4 classrooms having 34 apiece.

Phase one, of the schoolyard improvement has been completed. The yard has been worked in preparation for seeding. Hopefully the seeding will be done soon.

We bid welcome to nine new faces on our staff. Miss Marilla Schenk, librarian, comes from Saskatoon. Miss Leslie Jean Batten, grade 1, comes from Edmonton. Mrs. Anne Hicks, grade 1, comes from Regina. Mrs. Lynn Sawchyn, grade 3, comes from Saskatoon. Mrs. Sandra Day, grade 3, comes from Edmonton. Miss Karen Bolstler, grade 4, comes from Edmonton. Mr. Ross Betton, vice-principal, is new to our staff, coming from the Jr. High. And Mrs. Jeanette Miner, grade 1, and Mrs. Mary Hemmingway, grade 5, need no introduction, as both have been on our staff at various times before. More about these teachers later this year.

After observing the crowded conditions of the stores this week it is evident that a different method of letting you, the parents, know about needed supplies is necessary. Next year, perhaps, we could include a list of basic supplies in the June report card. This may also solve the ordering of supplies by our local merchants.

Something new that was allowed this year was preparation time for the teachers. This was much appreciated. One teacher remarked that she didn't know how we managed other years without it.

The following persons appointed by the Councillors of their respective Divisions to the Agricultural Advisory Committee were present at the meeting: Division 1 -- Mr. Arthur E. Hennig; Division 2 -- Mr. Earl M. Nelson; Division 3 -- Mrs. Henry Schlecker; Division 4 -- Mr. Philip Jungwirth; Division 5 -- Mr. Leo Saretsky; Division 6 -- Mr. David Jouan; and Division 7 -- Mr. Otto Guze.

District Home Economist, Mrs. Sheila Brown was also present.

After introductions by the chairman, he welcomed the newly appointed members and gave his impressions on the purpose of an advisory committee.

Suggestions from a Sub-Committee meeting held on July 16, 1970 regarding the formation and operation of an advisory committee as prepared by Messrs. Earl Lowe and Wm Moelhoff was then read and discussed.

It was moved and carried that the persons mentioned in item 16 of the Sub-Committee report, i.e. Councillors, Agricultural Fieldmen, the District Home Economist, the District Agriculturists, and the above 7 appointed divisional members, submit names for prospective members by September 15, 1970.

Mr. Mann then thanked the above divisional members and Mrs. Brown for their interest in agriculture and for their attendance at the meeting.

WEED CONTROL ON DRAINAGE PROJECT

Mr. Moelhoff reported that he had received information from the Plant Industry Division, Alberta Department of Agriculture, that extra funds are available for weed control projects this year.

It was moved and carried that application be made for a special grant for weed control along the Golden Spike Drainage Ditch.

NINE SUSPENSIONS DURING AUGUST

Hon. Gordon E. Taylor, Alberta Minister of Highways and Transport, reported last week that for the month of August, the driver's licenses of nine persons were suspended under the Demerit System. This brings to nineteen the number of suspensions since the Demerit System went into effect on April 1st, 1970.

During the month of August, 363 Courtesy Notices were sent out which means that more than eight demerit points were on each of the files. In July, 273 Courtesy Notices went out, in June 151, in May 54, and in April one. It appears that a very large number of drivers are heeding the Courtesy Notices and endeavouring to drive within the law.

The Homemaker

Mrs. Sheila Brown, D.H.E.

"Canny" - the word for consumers. The following was gleaned from the July/August issue of the Canadian Consumer. Thought you might like to take heed.

A consumer has to be canny these days to spend the food dollar wisely. Here's some things to watch for as you push that groaning cart around the aisles:

Mass displays are suspect. When they are piled high on a counter, or thrown in a basket willy-nilly, it created the impression of a bargain. They may not be.

Watch "end of aisle" displays. Check size or weight, unit price and grade of these items as they are likely "impluse" items rather than bargains.

Color, shape and design of packages may be designed to catch your eye and do not necessarily help your wallet. Buy contents, not the packages.

Look at items placed above or below eye level. They may be better buys than those displayed at eye-catching height.

How "special" is a special? Check prices carefully -- it may be just a sign that gives an impression of a lower price.

Watch the check-out of each item. Cashiers are susceptible to memory lapses like the rest of us. They may forget there's a lower price for an item that particular day.

A FOOD BUDGET CHECK

If you really want to check your food budget, here's a suggestion. When at the grocery store, get two carts -- one for food items, the other for non-food. Check them out as two purchases. The sales slip may be surprising.

As a closing thought, you've heard the saying that "money talks". Well money may talk, but today's dollar doesn't have enough cents to say much. See you next week.

Women can talk themselves out of almost anything except a phone booth.

The final two weeks of the Summer '70 Program started in Duffield. Included with the program was a ball game and the presentation of the trophy and pennants for the Duffield 16 and under Girls team. At Wabamun the kids enjoyed constructing a Penny Carnival which supplied an evening program for the adults that attended. A day of sports, games and crafts was enjoyed by the participants on August 20th at Carvel. A wiener roast, Puppet Show and sing-song finalized the day. The Summer '70 staff organized a Special Event for the Spruce Grove Playground. Many kids enjoyed a first time experience of cooking bread twists over an open fire.

The Summer '70 Staff were in Entwistle, Rocky Rapids, Tomahawk and Easyford on the August 24th to 27th week. In each place a Penny Carnival was built and operated by the kids who participated in the program.

The Summer '70 Staff would like to take this opportunity to thank the community members in each area who helped organize the program.

If you enjoyed the summer program, check and see what winter programs are being offered in your area. There is something for everyone.

PARKLAND RECREATION WORKSHOP

The minister of Youth, Hon. Gordon Taylor, is holding a Conference on Recreation at the MacDonald Hotel in Edmonton on October 16th to 18th, 1970. The purpose of the Conference is "to provide an opportunity for those agencies and organizations involved in Recreation throughout the Province to consider the direction and scope of Recreation in Alberta for the ensuing ten years".

In order to ensure success of the Conference, the Minister has requested that area workshops be held to examine the Recreation picture, as well as select delegates to attend the Minister's Conference. Our region is elegible to send a maximum of 14 delegates.

The Parkland Regional Recreation administration has been requested to host the area workshop and we would like to have two representatives from your organization attend. The workshop will be held at the Stony Plain Community Hall on Thursday, September 17th, from 9:00 A.M. to 9:00 P.M. Good representation of the people in this area is needed so that they can examine the following areas of concern: Financial assistance to rural residents -- professional leadership assistance for populations under 3,500 -- capital grant on need through Provincial survey; Joint use of facilities -- school-community and community-school; Upgrading of existing facilities, Provincial parks and camp sites through year-round maintenance service at camp sites; New facilities -- Natural parks, golf courses, another fine arts building in Northern or Central Alberta; Pollution; Recreation directors in school system; Conservation of natural resources; Problems at local level; Participation of local level to Provincial level; Provincial co-ordination with Federal Government; Recognition of A.R.P.A. as sounding board for local governments; Follow- through of projects at Provincial level; Utilization of human resources in Alberta; Anything else you can think of that should be added to this list.

Please advise the Recreation Office at 777-2211, or Box 178, Stony Plain, at your earliest convenience whether they can expect representation from your organization.

R.O.P. TESTING

More than 110,000 cows were tested and their milk production certified in 1969 under the federal Record of Performance (ROP) program for purebred dairy cattle, reports the Livestock Division, Canada Department of Agriculture.

The program is designed to establish production credentials for all purebred dairy cows entered for testing so that the resulting information may provide a solid basis for effective breeding.

Breton United Church Scene of Recent Wedding

At a recent ceremony in the United Church of Breton, Miss Villetta Travis, daughter of Mr. and Mrs. Larry Whatley of Buck Creek, became the bride of Mr. Kenneth Nelson, the eldest son of Mr. and Mrs. Lloyd Nelson of Buck Creek. Rev. John Palmer performed the double ring ceremony.

Given in marriage by her father, the bride wore a flared floor length gown of lace over satin. She carried a bouquet of red roses.

The groom's sister, Miss Myrtle Nelson, was matron of honor. Miss Joanne Gwin, cousin of the bride, was bridesmaid. They wore identical floor length gowns of brocaded green satin and carried a bouquet of white daisies.

Miss Lorie-Anne Rhine, cousin of the bride was flower girl. She wore a long dress identical to the bridesmaids and carried a basket of red roses.

Attending the groom were Mr. Trev Rhine, cousin of the bride, and Mr. Garry Nelson, brother of the groom. The ring bearer was Master Harold Nelson, brother of the groom. All three wore green brocaded satin vests to match the bridesmaids dresses.

Ushers were Mr. Gordon Slater, cousin of the groom, and Mr. John Gwin, cousin of the bride.

Miss Ilene Raczuk was the organist. The soloist, Miss Wendi Slater, sang during the ceremony

The bride's mother wore a mauve fortrel suit. Mother of the groom wore a pink dress. Complimenting their dresses were corsages of white roses.

A reception was held at the Buck Creek Community Hall with Mr. Lyle Oulton, friend of the bride and groom, acting as master of ceremonies.

Mr. Harvey Rhine, uncle of the bride, was toastmaster. Friends of the bride were in charge of the guest book.

For her going away outfit, the bride wore a short dress matching the bridesmaids dresses. She accented her dress with a corsage of white roses.

Following a honeymoon trip to Banff, Jasper, and Montanna the couple now reside in Drayton Valley.

Guides, Brownies Regular Meetings

Girl Guides and Brownies will soon be starting their regular meetings. Notices will be sent to the schools when the exact date is known and the girls will then register at the pack of their choice. However, as always, we are looking for interested persons who would be willing to help the leaders at the regular weekly meetings. It is not necessary to have previous experience with the Girl Guide movement, only a desire to help provide the youngsters of our community with enjoyable and worthwhile activities for their leisure hours.

Last year the number of Brownie packs was reduced by one due to lack of leaders, with the result that girls who wanted to join Brownies had to be denied this opportunity. Therefore, we are especially looking for a person willing to become Brown Owl. Much help is available locally and from the District Commissioner's office at Alder Flats for anyone wishing to assist the Guides and Brownies either as Brown Owl or as a helper.

For further information, and to offer your assistance please phone Local Association president Shirley Machan at 542-3856.

That crazy cast of characters from the Lethbridge label may take flights of fancy with Alberta's history — but nothing changes that down-to-earth, real beer flavour of Lethbridge Pilsner. It's as much a tradition as our pioneering past. Rugged. Masculine. Frankly old-fashioned and proud of it. And that's the way it has tasted for nearly half a century. So next time call for Lethbridge Pil. Enjoy your own Great Moments with Alberta's *original* Pilsner.

D. V. Highlights

By Mrs. Edith Deby

Mr. and Mrs. Edwin Wiechert and Jerry spent the weekend with Mr. Wiechert's mother, Mrs. Olga Wiechert.

Mrs. Anne Look accompanied her son-in-law and daughter, Mr. and Mrs. Allan Smith, of Yellowknife, as far as Penticton, when they went on holiday recently. They called on Mr. and Mrs. Peter Gregersen, of Summerland, and found them both well. The Gregersens will leave soon for a month's stay in Eastern Canada.

Mr. Edward Hines Jr. and Mr. Harmon Swap had the misfortune to have to spend some time in the hospital recently.

Mrs. L. L. Williams and her mother, Mrs. William Louth, had a most enjoyable ten day visit with relatives in Ontario at the end of August. Their flight by Air Canada to Toronto took just three hours. Mrs. Louth said the comparatively short trip to Ottawa and Franktown took longer. Mrs. Williams parents grew up in this vicinity and the towns of Lindsay, Brockville, Merrickville, Smith Falls and Birch Rapids are well known to Mrs. Louth. Two of Mrs. Louth's school friends still live in the district as well as three nieces.

We understand Mr. and Mrs. Carl Anderson and Mr. Eric Edholm enjoyed every minute of their holiday in Sweden.

Mrs. Edith Dunington, of Summerland, is visiting friends here this week. Mr. and Mrs. Clarence Dunington and Mrs. Minnie La Rocque and daughter Pat, spent a weekend visiting Mrs. Dunington's and Mrs. La Rocque's brother and sister-in-law, Mr. and Mrs. Peter Baykowich, in Hudson Hope.

Mr. and Mrs. Brent Louth, of Williams Lake, were guests of Mr. and Mrs. Williams Louth, in Rocky Rapids, recently. Brent is Mr. Louth's grandson.

Mr. Henry Dunington had several members of his family with him for the long weekend. They are: Verna and Karl Brekke, of New Westminster; Jack and Helen Dunington of Castor; Joanne and Glen Welsh 7 son, of Fleet; Stanley and Marie Dunington, of Wainwright; Alvin and Connie Dunington also of Wainwright and David Dunington of Edmonton.

MAGNOLIA NEWS

The Magnolia area has an uninvited and unwanted visitor, namely a large tawny cougar. Mrs. Terpstra and Bruce Anderson have both seen the beast in recent days. The Fish and Wildlife Department is busy trying to exterminate it. The animal killed a goat the the Terpstra farm and is being blamed for numerous sheep killings. This fellow, besides staging raids on farm animals, stirs the imaginations and pulse beats of the human population.

Al, Alma and Coreen Roth returned Saturday night from a weeks trip to British Columbia. They visited Ralph Roth and family at Port Albernie and Mr. McCracken, Alma's father, at Whonnock. They report enjoying very much the trip, the scenery and the ferry ride to Vancouver Island.

This puts Magnolia in the play offs. Good luck.

Mr. and Mrs. Maurice Cook and Allan of Redwater were weekend visitors with August and Mary Reich. Mrs. Cook is August's sister.

Calgary was the destination of Mr. and Mrs. Ray Storms when they went to see Phil, Shirley and family for several days. After their return, Al and Francis Storms of Edmonton paid them a visit.

Beef and Field Crops Clubs Meet at Evansburg

The regular meeting of the Pembina Field Crops and Lobstick Beef Clubs was held on August 11 at the home of Mr. and Mrs. Ivan Brown of Evansburg.

Roll-call for this meeting was the name of a crop and why it was suitable for our area.

New business was then discussed. The club was to take a three day trip to Jasper as their "tour of interest". They would leave on Friday, August 14 and return, Sunday August 16. Mr. Wickware was to drive the bus which they were taking.

A letter concerning the float, thanking the club for building a float and congratulating us for getting first prize in our category was read.

A letter was also read concerning the pool at Entwistle. The club is welcome to use the pool at any time for a group outing.

A discussion next took place to decide when the plot tour would take place, but no specific date was decided upon.

Up-coming meetings could not be held in the high school so a discussion got underway as to where the next meetings would be held. The next meeting is to be held at the home of Mr. and Mrs. Slemko of Rochfort Bridge on Sept. 11 at 9:00 p.m.

Kenny Mazeppa (club delegate) gave a report concerning club week which he attended at Vermillion.
